

JUNE
3-5
WINNIPEG

**RECLAIM
YOUR VOICE!**

**SING
FOR YOUR
LIFE!**

WITH
SHIVON ROBINSONG

Singing together with others in harmony is a powerful source of energy, connection and joy. It taps the very essence of teamwork and community -- and it's accessible to everyone!

Singing is about listening, making friends with the sound of your own unique voice, and finding your place in a vocal community. Discover how creating harmony together enhances any kind of gathering, whether for business, self-exploration, or just plain fun. Whether you have always loved to sing, or always wished you could, come and add your voice to the chorus. No singing experience necessary.

Shivon Robinsong founded and co- leads *The Gettin' Higher Choir*, a three-hundred voice non-audition choir in Victoria. She has yet to meet someone who can't sing. She has a unique ability to help individuals and groups discover the power of their singing voice. www.shivon.com
